Expressions of interest

The Association for Water Technology and Sanitary Engineering has received financing from the DWP toward the cost of the Preparation for introduction of technical safety management- TSM in Serbian public utility water supply companies project, and intends to apply part of the proceeds for consultancy services. The services include editing of Technical safety management guide- TSM Guide for water supply utility companies in Serbia based on the DVGW TSM Guidelines (general guidelines and water guidelines) in accordance with Serbian legislation and regulations by November 2017.

The Association for Water Technology and Sanitary Engineering now invites eligible consultants to indicate their interest in providing the services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). Consultants may associate to enhance their qualifications.

A consultant will be selected in accordance with the procedures set out in the World Bank's [Guidelines: Selection and Employment of Consultants by World Bank Borrowers](#) (current edition).

Interested consultants may obtain further information at the address below during office hours from 0900 to 1500 hours.

Expressions of interest must be delivered either to the address below or by e-mail by 30 August 2017.
